

## YEAST SYMPTOMS CHECKLIST

Diagnose your dog's candida yeast infection with the help of the following checklist of yeast symptoms, developed by Neil Weiner, DVM, of Shasta, California. Check each symptom your pet is experiencing, then add up the number of checks.

<b>GENERAL HEALTH</b>	<b>RESPIRATORY SYSTEM</b>	<b>MUSCULOSKELETAL SYTEM</b>
<input type="checkbox"/> fatigue	<input type="checkbox"/> wheezing	<input type="checkbox"/> joint pain
<input type="checkbox"/> poor appetite	<input type="checkbox"/> coughing	<input type="checkbox"/> arthritis
<input type="checkbox"/> nervous	<input type="checkbox"/> asthma	<input type="checkbox"/> backaches
<input type="checkbox"/> overweight	<input type="checkbox"/> nasal discharge	<input type="checkbox"/> stiff neck
<input type="checkbox"/> allergies	<input type="checkbox"/> reverse sneezing (snorting)	
<input type="checkbox"/> frequent infections	<input type="checkbox"/> itching nose	<b>URINARY/GENITAL SYSTEM</b>
<input type="checkbox"/> dull, rough hair coat		<input type="checkbox"/> bladder infection
	<b>DIGESTIVE SYSTEM</b>	<input type="checkbox"/> bladder/kidney stones
<b>SKIN</b>	<input type="checkbox"/> bad breath	<input type="checkbox"/> increased urination
<input type="checkbox"/> rashes and itching	<input type="checkbox"/> smelly bowel movements	<input type="checkbox"/> irregular heat cycles
<input type="checkbox"/> hives	<input type="checkbox"/> indigestion	<input type="checkbox"/> vaginal discharge/infections
<input type="checkbox"/> draining sore	<input type="checkbox"/> chronic vomiting	
<input type="checkbox"/> itchy feet	<input type="checkbox"/> chronic diarrhea	<b>SCORE RESULTS:</b>
<input type="checkbox"/> face rubbing	<input type="checkbox"/> constipation	<b>0</b> =excellent health
<input type="checkbox"/> chewing feet/tail	<input type="checkbox"/> anal gland irritation	<b>1 to 2</b> = mild dietary change and nutraceutical and/or herbal support needed
<input type="checkbox"/> body odor		<b>3 to 5</b> = moderate dietary change and nutraceutical and/or herbal support needed
<input type="checkbox"/> acne	<b>EARS</b>	<b>5 or more</b> = marked dietary change and nutraceutical and herbal support, and time needed for your dog to cleanse, detoxify, and rebuild his/her immune system, replenishing missing food nutrients unavailable from previous diet.
<input type="checkbox"/> eczema	<input type="checkbox"/> increased discharge	
<input type="checkbox"/> oily, greasy skin	<input type="checkbox"/> ear infections	
<input type="checkbox"/> dry, flaky skin	<input type="checkbox"/> ear itching or pain	
<input type="checkbox"/> excessive shedding		
<input type="checkbox"/> discolored skin	<b>EYES</b>	
<input type="checkbox"/> thickened skin	<input type="checkbox"/> itching eyes	
	<input type="checkbox"/> red irritated eyes	
	<input type="checkbox"/> cloudy eyes	
	<input type="checkbox"/> excessive tearing	
	<input type="checkbox"/> dull appearance to eyes
